BHATTADEV UNIVERSITY ANNUAL REPORT 2022-2023

FOREWORD

Bhattadev University was established under the Bhattadev University Act, 2017 on 24 June 2019, the date on which the undersigned, following his appointment by the then Honourable Governor of Assam, Prof. Jagdish Mukhi, joined the institution as the first Vice-Chancellor of the University. The University started functioning from the existing 14-acre campus of Bajali College, the NAAC 'A' Grade college which was upgraded to the state university by an Act of Assam Legislative Assembly. The institution had already been running 18 undergraduate (UG) and 4 postgraduate (PG) programmes under Gauhati University to which it was affiliated. Following its establishment, the institution started taking baby steps to become a University by following its own UG and PG syllabuses, and also by conducting its own examinations. The First Statutes, Ordinances and Regulations of the University were drafted within a short time, but the approval was given by the Government only in July 2021 following which, gradually, the Statutory Bodies including the Court, Executive Council (EC), and the Academic Council (AC) were constituted and the first meeting of the EC could be held in the month of December, 2021. The recruitment process for the appointment of key officers such as the Registrar, the Academic Registrar and the Controller of Examinations began in early 2022 and the above three posts were filled up in May 2022. However, due to an unfortunate incident the first Registrar was arrested by police and as a result, the institution currently does not have a regular Registrar. Recruitments against other non-teaching posts – sanctioned previously or recently – are yet to take place due to various regulatory reasons. With or without the Registrar, the institution could hold several meetings of its EC and AC during 2022-2023 and the first meeting of the Court could be held on 28 January 2023 with a focus on formulating the Budget for 2023-2024, and due to its infantile status the University failed to take necessary steps to prepare the Annual Reports for the years 2019-2020, 2020-2021, 2021-2022 and 2022-2023 in time.

Thanks to the timely request and reminders received from the office of the Honourable Chancellor the present Annual Report for the financial year 2022-2023 has been presently formulated. Since it is yet to be placed before the Court for approval, it is naturally a draft report. However, it has attempted to capture all essential information regarding the new university.

This report encompasses all relevant academic and administrative information of this university for the period 1 April 2022 to 31 March 2023. This university, although an affiliating university as per provisions of the Act, is yet to affiliate any college or other institution into its fold. At the institutional level, however, the University imparts both UG and PG programmes under CBCS in addition to offering the Ph.D. programmes in six departments. However, after inclusion under section 12B of the UGC Act, the institution will be desirous to affiliate colleges / institutes from adjacent areas.

The format used for preparing this report is largely based on the format used by Gauhati University for the same purpose. The undersigned acknowledges the help received from several faculty and staff members in addition to the committee specifically appointed for preparing Annual Reports in completing this report. It is hoped that it will give a comprehensive overview of the activities and performance of the University during the period under review.

Pathsala 7 April 2023

(Prof. Birinchi Kumar Das)
Vice-Chancellor

A Profile of Bhattadev University, Bajali

Bhattadev University, Bajali, is the realisation of a long cherished dream of the people of greater Bajali region, Assam that came into being on 24th of June, 2019 after the first Vice-Chancellor of the University, Prof. Birinchi Kr. Das, assumed office. The University was upgraded from the erstwhile Bajali College which had a glorious history of more than six decades and was widely recognised as one of the prominent educational institutions of the state of Assam. The University was established by an Act of the State Legislature - Bhattadev University Act, 2017 to which the Governor of Assam gave his assent on 16 October, 2017. It is named after an illustrious son of Assam, Baikunthanath Bhagavat Bhattacharya popularly known as Bhattadev, who is acknowledged as the father of Assamese prose. Bhattadev's erudition in Sanskrit grammar and literature, and his command over the *Shrimadbhagavata Purana* earned him the title of Bhagavat Bhattacharya. Bajali College was the fruition of the vision and dedication of many prominent individuals of Bajali and the toil and sacrifice of the local agrarian community who contributed from their earnings of selling rice paddy to the establishment of the college. Bajali College grew under the dynamic leadership of Kameswar Das, a Gold Medalist from Calcutta University. Bajali College from its humble origin in the year 1955 strived towards academic excellence and it came to be known as one of the best colleges for science education in Assam. It is imperative to mention here that Bajali College started postgraduate courses in Geography and Zoology departments way back in the early 1980s with the postgraduate course in the Department of Geography being the second oldest one in Assam after that of Gauhati University.

Bajali College endeavoured in its pursuit of academic excellence and, as expected, it was accredited with "A" Grade in its 2nd cycle of NAAC Assessment in the year 2016.

Still, while being at its nascent stage, the University introduced the postgraduate programme in Physics in the very first year of its inception. The University commenced 5 years Integrated M.Sc. Programme in Chemistry from 2022-23 academic session onward. Currently, Bhattadev University runs postgraduate programmes in Mathematics, Assamese, Zoology and Geography and is planning start new 2-year postgraduate programmes in Chemistry, Commerce, Economics, English, and Physical Science from the current year. The University, under the leadership of Prof. Birinchi Kr. Das, has also begun Ph.D. research programmes in several subject areas with effect from 2021. The Government of Assam has allotted a larger plot of land to build a second campus of the University at a nearby place called Medhikuchi where, with generous funding from the Government of Assam, new construction works have already begun. In addition, the institution is developing and refurbishing its infrastructure at its existing campus at Pathsala town with a view to implementing NEP 2020 with effect from the 2023-2024 academic year. As many as 17 bright individuals have lately been appointed as Assistant Professors in various departments of the University and in addition to filling up 3 more vacancies of Assistant Professor posts, the University is also preparing to recruit 7 Professors, 14 Associate Professors and 14 Assistant Professors against new posts sanctioned by the Government in the recent past. The University is also taking steps to recruit non-teaching staff members against sanctioned posts.
